Ministry Focus

International career exposure in a
least-reached context

Dubai is a global crossroads, home to people from hundreds of nations, yet many come from places where the gospel is restricted or unknown. In this dynamic city, you'll engage with least-reached people groups through cultural immersion, career exploration and strategic networking. This mission isn't just about outreach, it's about equipping you to live missionally in a global marketplace. If you're drawn to using your career for Kingdom impact and want to experience how God is moving in one of the world's most diverse and spiritually needy regions, Dubai is your gateway.

Outreach Opportunities

- ◇ Cultural immersion among least-reached people groups
